Important Updates and Reminders on Curbside Pick-Up in Bethlehem and Scranton

Please see below for important information on how to get your medicine in Bethlehem and Scranton. We appreciate your help and understanding as we adapt our COVID-19 policies to adhere with local township regulations.

Scranton patients:

Please be aware that due to the front of our building being a no parking zone, curbside pick-up will no longer be available. We ask that you please park in the parking lot at the side of the building and proceed to the front door of the dispensary to complete your transaction. We have been contacted by the township about these issues and have no choice but to strictly enforce these updated policies. Our sincere apologies for any inconvenience this may cause. We thank you in advance for your help in these matters.

Bethlehem patients:

While curbside pick-up will still be an available option, we ask that you do not park at the curb in front of the dispensary as this is a no parking zone. Instead, please park in one of the parking spaces in front of the Green Goods store front and notify the Bethlehem team of:

- Your name
- Where you are located in the parking lot
- Make/model of the vehicle you are in

You may text us this information at 857-288-1397, call us at 800-514-8532, or email us at pacustomer@visitgreengoods.com

A consult with the pharmacist is still required for all Green Goods first-time patients and medication refills need to be ordered at least 30 minutes prior to arriving at the dispensary.

*Please note that curbside pick-up will not be available during thunderstorms.

We are sorry for any inconvenience this may cause and thank you in advance for your help in these matters.
